Dear Ms. Walker:

Sullivan County Community Mobility Project has done an amazing job and the Endowment is pleased with the accomplishments. The project has accomplished its goals and succeeded in bringing together disparate interests into a cohesive community of practice where individuals understand the need for community transportation and working together for a common purpose.

Even though the Endowment is pleased with the work, we regretfully must decline your August 15, 2012 request to use the unspent funds to produce a video. Producing a video is outside the original scope of the grant.

We hope you understand this decision. We therefore would appreciate your sending us a check payable to the Endowment for Health for \$9,217.90 within the next 30 days so that we may use the funds to support another worthy project. Please contact me if you have any questions about this decision. We look forward to working with you in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Mary Vallier-Kaplan", with a long horizontal flourish extending to the right.
